FAQS FOR EDUCATORS

Wizard is designed to supplement the curriculum - it is a personalized learning tool to support classroom teaching. *Wizard* guides students through content and adapts questions based on previous answers ensuring all students have a chance to master the material. Motivate students with fun rewards like earning badges and unlocking educational games!

WHO IS WIZARD FOR?

Wizard has content available for grades K-8.

WHAT SUBJECT AREAS ARE AVAILABLE?

The four core subject areas: math, language arts, science, and social studies.

HOW DO I SET UP A TEACHER ACCOUNT?

Click "Help Me Get Started" on the *Wizard* landing page.

HOW MANY CLASSES CAN I CREATE?

You can create as many classes as you want. Each class you create will generate a class code that your students can use to join a class.

CAN I ASSIGN CONTENT TO STUDENTS?

Yes! You have the option to assign to the entire class or individuals within a class making differentiation easy. Additional options allow you to set a due date, assign content ahead of time, add resources, and more!

CAN I MONITOR STUDENT PROGRESS?

Yes! Monitor progress from afar with built in reporting metrics, including proficiency levels and learning minutes.

WHAT IS THE DIFFERENCE BETWEEN A COURSE AND A DRILL?

A **drill** is an exercise to practice material for a single topic. A **course** is a collection of drills on a subject. Courses take longer to complete than an individual drill.

DO THE DRILLS CORRELATE TO STANDARDS?

Yes! Drills correlate to many different sets of standards, including Common Core, International Baccalaureate, state standards, and so much more.
