

ADVANCED

- Primary sources underpin advanced lesson plans and assessments for classroom support
- Pathfinders of pre-generated content sets aid in research and subject matter understanding

Features a **digital saving tool** where articles and media can be stored for later use.

Citation Builder

Helps students properly credit such information sources as books, newspapers, blogs, podcasts, journal articles, and more. Cite sources in MLA, APA, and Harvard formats.

Teaching with Document

Lesson plans already developed for you! Our Teaching with Documents feature includes lesson plans designed to broaden students' analysis of primary source images.

WebQuests

WebQuests capture students' imaginations and allow them to explore in a guided, meaningful manner. Found under Educator Tools, they are print-and-do activities designed to help build foundational knowledge by taking users on grade-range-correlated expeditions through World Book Online.
