Dear Educator,

Great news -- your school district has a subscription to *World Book Online!* This means you and your students have FREE access in the classroom, at home, or on the go from any internet-connected device.

What is *World Book Online?*

A suite of digital resources full of educational content to help you reach every learner and save you time! *World Book Online* supports the curriculum with a range of content and features that spans all subjects and grade levels. We make collaboration easier with Google Classroom and Microsoft OneDrive integration.

Ready-made lesson plans

Read aloud, translate, and other accommodations

Why *World Book Online?*

The range of topics and features provides users of all ages, abilities, and interests a place to explore in a safe, trusted environment. World Book products are tiered; each one is designed for a target age group so the word choice, amount of content, and navigation is age appropriate. Each resource builds upon the previous to grow with students as they move through school.

- ✓ Mini-lesson materials for teachers
- ✓ Reinforce concepts with educational games
- ✓ Engage young learners with real-life media
- ✓ Compare and contrast
- ✓ Practice basic skills
- ✓ Nonfiction leisure reading
- ✓ Material kids understand and can use independently
- ✓ Foster critical thinking
- ✓ Digital coloring - no mess!
