

Tips for Teachers

Going Back to School with Discover

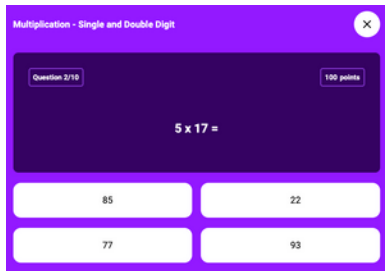

Share content with direct links!

- Save your students time and make sure they find the correct resource by using direct links.
- Copy the link from the search bar and paste it where your students can access it.
- As long as they're logged in to World Book, students can be taken straight to the intended resource.

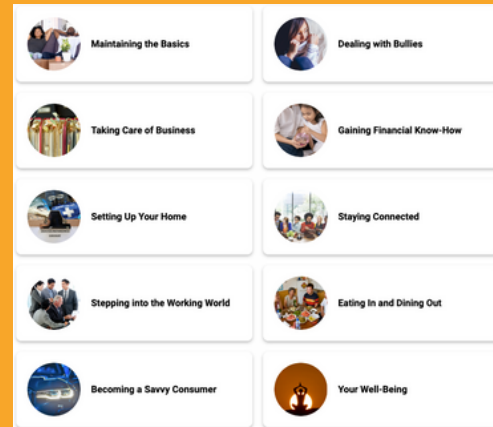

Games:

Use games in Discover to extend a lesson. For those with a My World Book Account, encourage them to beat their own high score or compete against a peer. They can even win awards while playing!

Life Skills:

Use one of the topics in the Life Skills Center to guide a community-building discussion. Try an SEL lesson around "Your Well Being".

World Book Explains:

Pose one of our World Book Explains questions to the class and ask students for the answer. Then read or watch the video answer as a class to see how they did.

What types of homes did Native Americans live in during Colonial times?

PLAY VIDEO ANSWER

Are there plants that live in the ocean?

PLAY VIDEO ANSWER

What was Watergate?

PLAY VIDEO ANSWER

Why does blood turn black when it is dry?

SHOW ANSWER

Educator Tools:

Save time by searching for materials in Discover correlated to Standards.
